instead of the heartburn that I went to the doctor's with initially, the reflux went right up into my throat and sinuses - I think this is called laryngo-pharyngeal reflux or something like that.

This is life, not a movie, so there was no segue into happily ever after.

Further randomized controlled trials using vitC as a single substance are required to elaborate on whether...

Use the bones, wings and neck for the stock; if you don't feel like doing the knife work, ask your butcher to do it for you.

Your personal commitment to passing the message all through appeared to be exceptionally effective and have always allowed associates like me to attain their goals.

I have never had bought the items I am filling a complaint with the better business...
